"LEADERS IN WELDING TECHNOLOGY"

Welcome

New Light House (Pvt.) Ltd

New Light House (Pvt.) Ltd

Established in 1948, New Light House (Pvt.) Ltd stands as a pioneer and one of the leading companies in Pakistan's welding and industrial solutions sector. We specialize in the manufacturing and distribution of high-quality welding electrodes, welding and cutting machines, calcium carbide, and related consumables.

Over the decades, we have earned a reputation as one of the largest manufacturers of welding electrodes in the country. Our extensive sales and service network spans nationwide, with key branches and dealerships in Lahore, Karachi, and Rawalpindi.

Committed to excellence, we take pride in providing top-notch products and services, ensuring our customers have reliable solutions wherever they are in Pakistan.

New Light House imports equipment from USA, Australia, Holland, Spain, Germany, Netherland, Italy, UK, Japan, Korea, Thailand, Taiwan, Poland, UAE, Indonesia, Malaysia, and China from world popular brands, which include Lincoln Electric, Nichia, MAC, Koike, Nitto, OTC, Hilco, Chosun, Siliconi, Yawata, Permanent and many others. We associate our success in our customer's success and our vision is to transform working pattern with modern technology and back-up support. Our experts do not only provide machines / tools but also support to source any spare parts requirement after sales. Our working essence strongly believe in teamwork and win-win rewarding relationship.

A dedicated aftersales service team, consisting of professionally trained staff and engineers, help the customers with after sales support and services to ensure complete satisfaction. New Light House has successfully worked with Government, Semi Government department, Private organization, Cement Plants, Fertilizers Companies, Sugar Industries and many reputed Engineering & Fabrications Companies of Pakistan. When you are seeking the best deals in welding supplies, New Light House (Pvt.) Ltd is your one stop shop for all your welding needs. We have a diverse range of welding supplies and experienced welders for you to choose from.

One of our most popular welding machine brands include Lincoln Electric. New Light House along with Lincoln Electric continues its steady pace of introducing industry leading new product, welding solutions and accessories to the market to help our end user customers become more productive and successful.

Vision Mission

Our Vision & Mission

New Light House motto is ensuring customer satisfaction by delivering superior quality, lowest price and thoughtful services with honesty and reliability. No matter which industry you belong to, our welding expertise will provide customised solutions specifically for your particular needs and requirements. We associate our success to our customer success and our vision to revolutionize working pattern with modern technology and back up support.

Business Partners

Welding Electrodes

Stainless Steel Electrodes

SS-308, SS-316L, SS-309L
(Yawata, Mac)
SS-308 (Permanent Brand)
SS-316L, SS-309 (Chosun Korea)

CO2 WELDING WIRES

SS-308, SS-316L, SS-309L
ER-347

Mild Steel Electrodes

MT-12 (Permanent Brand China)
E6013 Electrodes
CR-13 (Chosun Korea)
E6013 Electrodes

Low Hydrogen Electrodes

E7013 Electrodes
E7018 Electrodes
MT-48 (Permanent Brand China)
LC-318 (Chosun Korea)

Submerged Arc Welding Wire

EM 12K
(Yawata)

Gas Welding Rods

MS Brass wire

Tungsten Electrodes

ISO6848 (Made in China)

Silver Soldering Rods

(Fantargen Germany)

High Alloy Steel Electrodes

8018b2, 9018b2, 9018B2
90018B3 (Lincoln Electric)
(Chosun Korea)

Hard Surfacing Electrodes

CH 80R
BK650
(NICHIA)
(CHOSUN
KOREA)

Cast Iron Electrodes

MAC (Japan)
MAC-55

Copper Rod

(Fantargen
Germany)
